www.casaitalianacc.org
Call: 206.735.7152

Chance to win Alessandrini's art and benefit Casa
Available In-person only

Casa Italiana and Seattle Perugia Sister City Association invite you to *Italian Stories* a free public talk by Iole Alessandrini! Renowned for her groundbreaking Laser Plane Photography, Alessandrini, an Italian American artist, skillfully brings attention to the Svalbard Archipelago with her extraordinary 2023 Arctic expedition. This pivotal Arctic location plays a crucial role in the well-being of our global ecosystem.

The event provides, with a raffle \$5 ticket, the unique opportunity to walk away with a piece of Alessandrini's art from the Migration exhibition at Palazzo Della Penna in Perugia, Italy. The event will also feature Antipasti and a No Host Bar, creating a convivial atmosphere for all attendees.

In-person attendance is required for prize redemption
